

LIST OF TABLES AND FIGURES

FIGURE 1 Sample by area type	33	FIGURE 12 Perceptions of how violent and property crime levels have changed in the last 3 years, in respondent's area of residence	44
FIGURE 2 Sample by province	34	FIGURE 13 The one type of crime that respondents thought occurred most in their area of residence	46
FIGURE 3 Sample by gender	34	FIGURE 14 The one type of crime that respondents were most afraid of in the area where they live	48
FIGURE 4 Sample by age	35	FIGURE 15 The single most commonly discussed crime in the past two weeks (values less than 1 excluded)	49
FIGURE 5 Sample by race	35	FIGURE 16 Respondents' feelings of safety when walking alone in their area during the day and after dark	51
FIGURE 6 Monthly income categories by household member (after tax)	37	FIGURE 17 Respondents' feelings of safety when walking alone in their area during the day, 1998 and 2003	52
FIGURE 7 Total monthly income contributed to households	37	FIGURE 18 Respondents' feelings of safety when walking alone in their area after dark, 1998 and 2003	53
FIGURE 8 Annual per capita income per household	38	FIGURE 19 Respondents' feelings of safety when walking alone in their area, by area type	53
FIGURE 9 Economic status of sample	38	FIGURE 20 Respondents' feelings of safety when walking alone in their area during the day, by race	54
FIGURE 10 Highest school grade completed (respondents)	39	FIGURE 21 Respondents who were prevented from engaging in daily, recreational and commercial activities when alone as a result of crime in their area	56
FIGURE 11 Length of time respondents had lived in area	39		

FIGURE 22 Those who knew someone in their area who makes a living from crime, by province	60
FIGURE 23 Views on the motivations of most perpetrators of property and violent crime	62
FIGURE 24 Length of time it takes, on average, to get to the nearest police station using usual mode of transport, by area type	73
FIGURE 25 How often police are seen, in uniform and on duty in the respondent's area of residence	73
FIGURE 26 Respondents who see police once a day, in uniform and on duty, in their area of residence, by province	75
FIGURE 27 Respondents' rating of the police in their area, by race	78
FIGURE 28 Respondents who said the police are doing a good job in their area, by province	79
FIGURE 29 Relationship between how often police are seen on duty and whether they are believed to be doing a good job	80
FIGURE 30 Reasons for saying the police are doing a good job	81
FIGURE 31 Reasons for saying the police are doing a poor job	82
FIGURE 32 Length of time taken to reach nearest magistrate's court using usual mode of transport, by area	85

FIGURE 33 Respondents who said the courts generally are performing their duties adequately, by province	87
FIGURE 34 Satisfaction with the way courts generally deal with perpetrators of crime, by area	88
FIGURE 35 Reasons for being satisfied with the way courts generally deal with perpetrators of crime	88
FIGURE 36 Reasons for being dissatisfied with the way courts generally deal with perpetrators of crime	89
FIGURE 37 Respondents who knew where to take victims for various forms of support	91
FIGURE 38 Places where respondents would take rape and violent crime victims for support	93
FIGURE 39 Which one of the following should government spend money on to make your area safe from crime?	94
FIGURE 40 Which one of the following should government spend money on to make your area safe from violent crime? by race	95
FIGURE 41 Victimisation rates, September 2002–August 2003	104
FIGURE 42 Reporting to the police for crimes with rates >1%	107
FIGURE 43 Comparative reporting rates, 2003 and 1998, selected crimes	107

FIGURE 44 Percentage of all those who were asked to pay a bribe in the past year, by department or sector	115
FIGURE 45 Percentage of respondents, of those who were asked, who paid the bribe, in the past year	117
FIGURE 46 Reasons for not reporting requests for bribes to the authorities, all respondents	119
FIGURE 47 Perpetrators of assault	130
FIGURE 48 Provincial robbery rates, 2003	136
TABLE 1 Sample distribution by province	27
TABLE 2 Sample by race and province (%)	36
TABLE 3 The one crime type respondents were most scared of, by area (%)	48
TABLE 4 Respondents who were prevented from engaging in daily activities when alone as a result of crime in their area, by race (%)	56
TABLE 5 Respondents who were prevented from engaging in daily activities when alone as a result of crime in their area, by area type (%)	57
TABLE 6 Respondents who were prevented from engaging in recreational and commercial activities as a result of crime in their area, by area type (%)	57

TABLE 7 Views on where those most likely to commit property and violent crime live (%)	61
TABLE 8 Views on the birthplace of those most likely to commit property and violent crime (%)	61
TABLE 9 Views on why most perpetrators' commit property and violent crime, by race (%)	63
TABLE 10 Police to population ratios, by province	75
